

The prep races are done, posts have been drawn, and it's full steam ahead to the **2024 Kentucky Derby** on Saturday at Churchill Downs in Louisville, Kentucky. The 20-horse field is set and **Fierceness** is the 5-2 favorite to win.

The Kentucky Derby takes place on the first Saturday in May. The horses, which are three-year-old thoroughbreds, qualify for the Kentucky Derby by competing in races held all over the country. The jockeys (and their horses) prepare for the tournament for years. From strict diets and sleeping schedules to practice sessions, success depends on hard work and discipline. But a stumble on the track during training sessions can cause a horse to be scratched from the race. Likewise, an unfortunate event like a job loss or a severe health problem can cause a person to stumble, landing them in situational poverty. This is a temporary type of poverty, and people can help themselves with even a small assistance. The EAC provides support in the form of food, clothing and other basic needs, so that our clients can get back in the race.

# Pop-Up Grocery Market

Employees of Carnelian Energy Capital helped facilitate EAC's monthly Pop-Up Grocery event as part of the company's commitment to community engagement. The Pop-Up is held in partnership with Second Servings.
