

Walk-ups are specific songs played when baseball players walk up to the plate to bat. A good walk-up song at the ballpark can be really uplifting. A solid tune doesn't just pump up the player. The right walk-up song energizes the entire ballpark, turning routine at-bats into crowd-pleasing moments.

Walk-ups can also refer to clients who arrive for services without booking ahead. The Emergency Aid Coalition offers walk-up appointments every week on Tuesdays and Thursdays. Offering walk-up appointments is vital for low-income individuals because it removes some major barriers to receiving food and clothing assistance. People experiencing poverty often lack reliable transportation, have rigid work schedules, or don't have a phone with which to make an appointment. Walk-up days allow Houstonians in need to receive the help they need, right off the bat.

When life throws someone a curveball and they need a little help, the Emergency Aid Coalition is ready to step up to the plate. Your support and donations allow us to hit it out of the park every time!

New monthly POP-UP at EAC SOUTH

In partnership with Second Servings, the EAC held its first Pop-Up Grocery at EAC South, located at the Presbyterian School Outdoor Education Campus. The campus sits adjacent to New Hope Housing on Reed Road, allowing New Hope residents to walk over and shop for an assortment of food items rescued from local grocery stores and retail food outlets.

No small feat!

After learning that socks are the most requested clothing item at homeless shelters, the founders of Bombas Socks created a company designed to resolve this problem. Bombas donates a pair of socks for every pair purchased. The socks are donated to community nonprofit organizations like the Emergency Aid Coalition. The EAC is the lucky recipient of 8,000 pairs of Bombas socks! Our heartfelt thanks to Richard Jackson for making this donation possible.

EAC clients will be delighted to get a pair of these specially-engineered socks. Unlike retail pairs, these donation socks cannot be bought. They feature dark colors to hide dirt, anti-microbial treatments to stay fresh longer between washings, reinforced seams for durability, and a looser fit to accommodate different body types.

THANK YOU,
BOMBAS!

Food Pantry requests

- Canned vegetables
- Canned fruit
- Cans of soup
- Instant coffee

Clothing Center requests

- School clothes
- Backpacks
- Men's shirts, XL and up
- Tennis shoes
- Towels
- Sheet sets

Amazon Wishlist

- Buy items from the **EAC Wishlist** and have them shipped directly to the Emergency Aid Coalition facility at **5401 Fannin!**
